## OUR STORY

*The Great Central Pub pays homage to the original days of The Landmark London Hotel from when the building first opened its doors on the 1st of July 1899 as The Hotel Great Central which is our proud namesake.*

*This Grand Old Dame of a building has seen a lot in her time including having survived two world wars, served as a hospital, a military office, and a headquarters for the British Railway and exquisitely renovated by a Japanese Popstar.*

*She's seen dukes and duchesses, titans of industry and the everyman and woman alike pass through her courtyard and grace her halls. Through it all she's kept going, always classy, always grand, offering a refuge of relaxed luxury.*

*Here in the Great Central Pub by Matt Fletcher, we are proud to continue that centuries old tradition and the story of The Hotel Great Central by welcoming you in with genuine warmth and authentic hospitality.*

*Bring the kids, have a pint, watch the game and feel free to make friends. Here's to you dear guest, and to our team who'll be taking care of you.*

*The "Dark Horse" by the main entrance is called Leonard by the way, he's been making waves on social media of late, feel free to snap a selfie with him.*
