THE SPA

at The Landmark London

At The Spa at The Landmark London, holistic wellbeing is an art, where ancient rituals seamlessly meet modern precision to restore balance and awaken the senses. A sanctuary of calm designed to ease the pressures of modern living while nurturing deep, lasting renewal.

Welcome to an immersive escape that gently realigns, restores, and transforms, complemented by thoughtfully curated facilities including a Finnish sauna, aromatic steam room, vitality pool, a fully equipped 24-hour gym, and 5 serene treatment rooms, including a space for shared experiences.

BRANDS

Uniting three distinctive philosophies, our spa experience blends the award-winning, nutrient-rich innovation of [OSKIA](#), the clinically driven collagen science of [QMS Medicosmetics](#), and the holistic, botanical wisdom of [Ashmira Botanica](#). Together, these approaches combine advanced technology with time-honoured techniques, from targeted skin regeneration and microbiome support to energy healing and personalised rituals. This creates transformative treatments that restore balance, enhance radiance, and nurture skin, body, and mind from within.
